

# Class Supply List

## Personalized Rug Hooking

### Supplies Needed:

If you have any of the following supplies you are well on your way! If you do not have them don't rush out to buy them just yet. When we talk to set the date and time of the class we will also talk about supplies. I have some things that you can borrow during class. That will give you a chance to decide if you want to invest in the more expensive elements of the craft.

- Heavy duty quilting hoop (14") or rug hooking frame
- Rug hook
- Scissors
- Rug hooking kit with wool strip size #4 or larger. There are details you need to know before purchasing anything, such as what makes a design good for a beginner and what "cut" should the wool be.
